CERTIFICATE

Certificate to whom so ever concerned

Ref: Application to inspect Drinking Water Facilities and Sanitary Arrangements Provided by the school and to issue SAFE DRINKING WATER and Hygienic Sanitary conditions Certificate.

According to request letter for SAFE DRINKING WATER and Hygienic Sanitary conditions Certificate from the Principal of Rainbow International School dated 1st June 2021 regarding the urgent inspection of Safe Drinking Water facilities and arrangements made for the school children and staff of concerned school, Our team visited the school on 3rd June 2021 and hereby certify as below

1. The school is situated in pollution free zone with plenty of trees with clean surrounding atmosphere.
2. There are sufficient separate arrangements for girls / women and boys/men toilets and lavatories which are very clean aswell.
3. There are sufficient number of water tanks .The school has well maintained RO System for drinking water for students and staff. There are separate water tanks and overhead tanks for general uses.
4. There is very good water harvesting done and so observed no shortage of water.
5. The school has very good and sufficient hygenic sanitation facilities in school building as per norms of muncipal Authorities .

This is to certify that school has very good and safe drinking water and sanitary system arrangements and can be sufficient even for double increase in number of students .
